

One Of The
First Things
That Children
Learn Is The
A-B-C's!

What better way to introduce Bible memorization than by teaching the A-B-C's of the Bible!

...You've heard it all before

It's Too
Hard!!

I Can't
Remember!!

What's
Next??

Scripture memorization **CAN BE HARD** for children, but in order to live our lives for the Lord, we MUST learn to hide His Word in our hearts.

SONBEAMS – Raising Up SON-beams for Him! has taken ABC Bible verses and put them to music. This delightful collection of Scripture songs for children encourages memorization, but each song also teaches an important Bible lesson.

A - "For all have sinned and come short of the glory of God." Romans 3:23

B - "Believe on the Lord Jesus Christ and thou shalt be saved." Acts 16:31

C - "Children obey your parents in the Lord, for this is right." Ephesians 6:1

Read What Others Are Saying:

I think the CD is wonderful. You've done a terrific job with it. My favorite part is that your children's choir sounds as though it is comprised of actual children and not little kids belting out songs as though they were auditioning for Broadway! - Mary L.

My children gathered around as soon as I played the first track. Within seconds, they were saying "Again, Mommy. Play that one again!" Such a fun way to learn commit God's word to memory! - Katie M.

I thought it was VERY GOOD... Terry S.

They're wonderful. The songs are sweet, easy to listen to and a great way for little ones to learn scripture in a fun way. I sure wish I had these when my kids were little and I can't wait to spread the word to my young mom friends. I personally LOVE the KJV and think it's the easiest version to memorize for kids and adults alike because of the poetic language. Setting it to music makes it even easier! - Annette Y.

Alright, I'm convinced!

How do I get my copy of "ABC Bible Memory Verse Songs"?
